Awareness program for patients with low vision difficulties - Clarify your doubts with the Experts

on 26th September 2020, Saturday @ 5.00 PM (IST)

Low vision patients
and/or their family
members can send their
questions to the experts
in the following email ID
Or WhatsApp your
audio recorded
questions.

Do you have difficulty?

- Reading newspapers or books, even while wearing glasses?
- Reading mobile phone texts and messages
- Moving around your home or elsewhere? Do you bump into objects?
- Travelling at night (seeing cars or locating curbs and stairs)?
- Recognising the face of near and dear?
- Identifying currency or reading bills or goods labels?

Have you been diagnosed with any of the diseases below

- Retinitis Pigmentosa
- Heredomacular degeneration
- Diabetic maculopathy
- Age Related Macular Degeneration
- Advanced Glaucoma
- Corneal diseases
- Hereditary eye conditions
- Family history of eye diseases

If yes :
