

Happy Sharing Relief Activities during COVID - 19 – Lockdown (Suburbs of Avadi, Chennai)

Providing cost free groceries and home cooked food to the most delicate and vulnerable sections of society hit most badly by the Covid-19, namely pregnant women from the economically backward sections, deprived of nutrition, migrant labourers with no work, wages and no relative or friend to support, suffering without a square meal, was a highly touching and fulfilling experience. More than **1000 families** from the weaker sections living in villages of New Vellanur, Morai, Veerapuram, Kollumedu and New Kannikapuram in Avadi and few areas in Ambattur too benefited from our relief activities.
