Business Management Solutions Pvt. Ltd., Chennai

Organizing 2days

Healthcare India Summit- 2019 Challenges & Opportunities

04 & 5th January 2019 @ Chennai, India

**Delegates will be awarded CME Credit points from
“The Tamil Nadu Dr MGR Medical University”, Chennai**

About the TwinTech Academy:

The booming of healthcare and its allied sectors has made it a big ticket investment area with many corporate houses and healthcare professionals looking for their share of the market. The entrepreneurial horizon has been witnessing a surge of corporate honchos with enviable track records from some of the best known brands shedding their power and position to chase the dream close to their heart.

Twintech Academy is established by Shri A Mahalingam, a professional with 25 years experience in Non Profit Organizations, Corporate Healthcare settings and Healthcare Academics.

This firm has a panel of experienced professionals from diverse branches of healthcare and has ambitious plans to provide expertise in various fields like Healthcare Management Services, Healthcare Education Services, Management Training Services, Management Consultancy Services and Counselling Services.

About the Summit:

Healthcare management is emerging as a boom industry, thanks to myriad factors like increasing health awareness among the general public, a disturbing increase in lifestyle and environment related ailments and debilities and the recent entry of corporate entities into the domain of healthcare.

We are sure you would agree with us that a well conducted seminar / summit is a great way to enhance the understanding and scope of any subject or field of activity among both the target audience and the

general public. Summit / Seminars provide the ideal platform for a vibrant exchange of ideas, experiences and expertise and the much needed real time learning through reviews from a cross section of people.

Two-day Summit that would bring together senior level healthcare experts from various regions to share their thoughts, observations and steps taken by them to improve patient flow and enhance safety and work flow processes leading to a great patient experience.

The Summit will also focus on successful healthcare strategies, proven patient-care techniques, quality standardization tips, new hospital management trends and an overall road map to an effective healthcare system. The Summit will thus bring a complete set of proven solutions that would help healthcare providers enhance the quality of service and productivity of their hospital.

This highly interactive Summit would witness in-depth presentations on the following topics by experts and industry leaders from across the country.
