

Dr. Prathap C Reddy
Chairman, Apollo Hospitals

03.06.2016

Dear Shri A. Mahalingam,

Warm greetings from Apollo Hospitals.

My heartiest congratulations on the launch of TwinTech Academy and Healthcare Services. Your focus on healthcare training, healthcare management, and skill enhancement for college students is both timely and impactful.

I also recall that several of our Apollo Hospitals executives and unit heads underwent the short-term Hospital Management Program directed by you and delivered by distinguished industry leaders. They shared excellent feedback and highly appreciated your coordination and communication skills — qualities that are extremely vital in patient care services and hospital administration.

My friend Dr. Badri has spoken about you and your remarkable service at Sankara Nethralaya on many occasions, and I deeply appreciate your continued commitment to strengthening healthcare education and community outreach.

May TwinTech continue to empower, elevate, and transform the future of healthcare and education in India.

.
With my best wishes,

A handwritten signature in blue ink, appearing to read "Prathap C. Reddy", on a light blue rectangular background.
