

Preserving Vision for the Guardians of Vedic Heritage

TwinTech Healthcare Services, under the Unit of TwinTech Institute of Education Trust, visited multiple Veda Padasalais—including Kanchi Maha Periyava Mani Mandapam (Kanchipuram), Guruvayal Sama Veda Patashala (Tiruvallur District), Sankaralayam Vedapadasalai (Chetpet, Chennai), Gurukulam Vedapatasalai (Chrompet), Sankarlal Jain Vedapadasalai (Chetpet, Chennai), and Sri Sri Kanchi Kamakoti Peetam Veda-patasala (Kanchipuram, Orikkai)—and conducted comprehensive eye examinations for over 500 students of 31 October 2025.

Dr. R. Krishnakumar and Dr. A. Mahalingam provided corrective glasses where needed, referred students requiring further management, and reassured the rest. The students, teachers, and the Veda Padasalais expressed deep appreciation and happiness for this meaningful eye care initiative.

A Veda Padasalai is a traditional gurukulam-style centre dedicated to Vedic preservation, where students undergo rigorous training in chanting, pronunciation, Sanskrit basics, discipline, and cultural values, continuing India's timeless Vedic heritage.
